

INTERNATIONAL MCC VIRTUAL MENTOR COACHING & COACHING SUPERVISION PROGRAM

WWW.MENTOR-COACHING.COM

13 hours of mentor coaching and Group Supervision to prepare for an
MCC certification

Target Audience

This international virtual program supports experienced coaches preparing for the MCC credential through a unique combination of mentor coaching, & coaching supervision. Participants deepen MCC-level coaching mastery while engaging in reflective professional practice

Key Benefits & Outcomes

- Deepen your understanding of the key differentiators between PCC and MCC coaching mastery.
- Align your coaching with the ICF Core Competencies, MCC performance markers, and the ICF Code of Ethics.
- Stay current with recent developments in ICF credentialing standards and expectations.
- Practice MCC-level coaching & receive expert developmental feedback from two experienced ICF mentor coaches
- Prepare confidently for the ICF Credentialing Exam.
- Develop and refine the audio recordings required for the MCC performance evaluation submission.
- Receive language support for recording preparation in English, German, or French.
- 10 hours of ICF-compliant Mentor Coaching: 7 hours in a small group and 3 hours of individual mentor coaching.
- 3 hours of integrated group coaching supervision, supporting reflective practice and professional growth.
- Learn through from experienced coaches from around the world in a small, high-quality learning cohort.
- Expand your global professional network and coaching perspective through international peer learning.
- Benefit from approximately 40% cost savings compared with individual mentor coaching

Content

- Exploration of ICF Core Competencies, MCC minimum Skill, and ICF Code of Ethics
- Live peer coaching, with verbal and written feedback from MCC coaches & mentors.
- Identification of strengths and development areas aligned with the ICF core competencies
- Live Review of 2 coaching audio recordings + feedback to assess potential use for the ICF Credentialing Exam
- Supervision: In addition to structured Peer intervention dialogue, leveraging the collective intelligence of experienced coaches, the program also includes coaching supervision led by a trained coaching supervisor, providing a reflective space to deepen professional practice beyond skill development.
- Supporting Learning Materials provided
- Verbal and Written Feedback
